About Me

A highly skilled and proficient Web Developer with over 4 years of professional experience in designing and creating responsive and adaptive websites. In my previous roles, I have consistently demonstrated my ability to work collaboratively with designers, product managers, and other developers to deliver high-quality products on time and within budget. I am passionate about creating engaging user experiences that make a real impact on users' lives.

In addition to my technical skills, I am a self-starter who is highly organized and able to manage multiple projects simultaneously. I thrive in fast-paced environments and enjoy the challenge of learning new technologies and skills.

Skills and Expertise

- Experience with HTML5, CSS3, Bootstrap, PHP, JavaScript, TypeScript, ReactJs, NPM, NodeJs, Express, MySQL, GitHub, WordPress, ACF, Microsoft Office, SharePoint, Adobe Creative Suite, Figma, Adobe XD, Canva etc.
- Demonstrated knowledge and hands-on work experience with WordPress page builder ex, Divi, Elementor, Wp Bakery, Oxygen, Bricks, Gutenburg, Block Editor etc.
- Ability to self-start, self-manage, understand, and prioritize work.
- Vast knowledge of the WordPress core, Hooks, action, WP-REST-API and WP-CLI.
- Experience to build WordPress themes, plugins, widgets, and sites from scratch with minimum information.
- Familiarity with Apache SOLR, MongoDB, and Cloud Computing such as AWS, and GCP.
- Strong knowledge of server technologies such as Apache, Nginx, and cPanel.
- Clear and concise verbal and written communication skills.
- Ability to work autonomously and manage teams.
- Great attitude and a sense of humor.
